About VMRF-DU

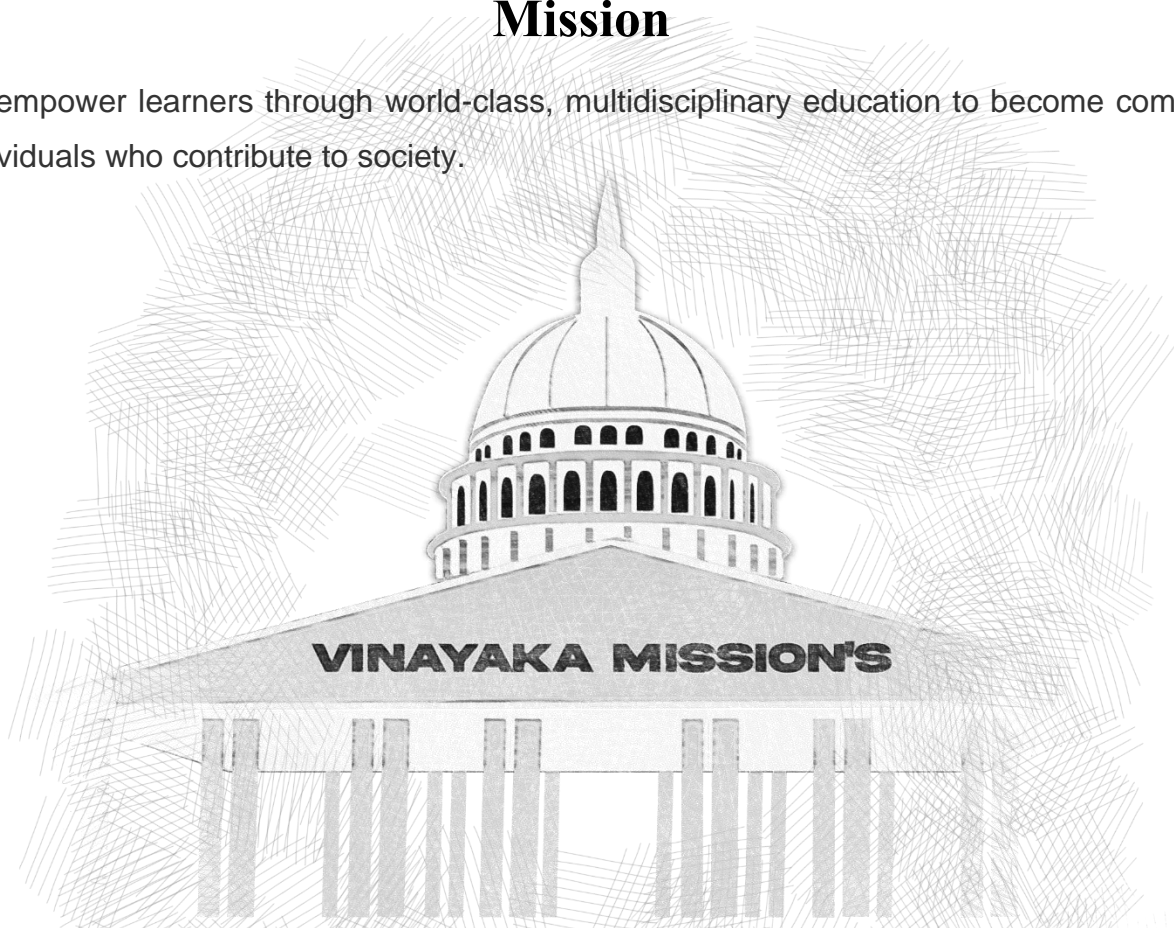

Vinayaka Missions had its inception in the year 1981 with the establishment of the Thirumuruga Kirupananda Variyar Thavathiru Sundara Swamigal (TKVTSS) Medical Educational and Charitable Trust. Not far from then, in 1982, the Founder Chairman, Dr.A.Shanmugasundaram instituted the Vinayaka Mission's College of Pharmacy in Salem, the pioneer institution of Vinayaka Missions. In the year 2001 the "Deemed to be University" status was conferred on Vinayaka Missions by The Ministry of Human Resources Development, Government of India, with the recommendations of the UGC Under Section 3 of the UGC Act, 1956 as an acknowledgement of its excellence, satisfaction of the highest level of academic standards and best infrastructural facilities provided to achieve preeminence in education and by virtue of this recognition Vinayaka Missions transcended to becoming Vinayaka Missions Research Foundation (VMRF) as the 48 University in India.

Vision

To impart knowledge to nurture leaders driven by research, innovation and excellence, and to foster a diverse community committed to the well-being of humanity.

Mission

To empower learners through world-class, multidisciplinary education to become competent individuals who contribute to society.

About SAHS

Welcome to the Faculty of Allied Health Sciences, where diverse knowledge, information and education camouflage to make better humans for the globe.

School of Allied Health Sciences was started in the year 2004 with a motive of giving the best education and training in the field of Allied health sciences and from then on we are growing enormously not only in student strength but also in terms of its quality and dynamicity.

The infra structure, clinical exposure, hands on training, upgradation of techniques and teaching methodologies are the key to outstanding performances by our students. Extensively available book and international journals opens up the new possibilities in different streams of study.

With a motive to inculcate social responsibility many extra curricular activities like Community outreach programmes, NSS, RRC have been initiated and done successfully.

Department of Optometry

The Department of Optometry strives to provide excellence in education, clinical training, and research in the field of vision science. Our curriculum is designed to equip students with in-depth knowledge and practical skills necessary for the assessment, diagnosis, and management of visual disorders across all age groups.

We offer comprehensive training for undergraduate and postgraduate students in core areas such as ocular disease management, binocular vision, contact lens practice, pediatric and geriatric optometry, low vision rehabilitation, and community eye care. Emphasis is placed on evidence-based learning and holistic patient care.

The department is actively involved in research initiatives focusing on public health optometry, visual development, refractive errors, and emerging trends in eye care. Our faculty members guide students in clinical research projects, case presentations, and academic activities aimed at fostering critical thinking and professional growth. With a strong commitment to community service, the department regularly conducts vision screening camps, eye health awareness programs, and outreach activities to promote eye care accessibility.

Our mission is to develop skilled, ethical, and compassionate optometrists who contribute meaningfully to both clinical practice and the advancement of eye care services.

Comprehensive Solutions by the

- **Interactive Learning:**

Engage in live demonstrations, case discussions, and skill-building exercises.

- **Who Can Benefit?**

- Optometry Students and Interns
- Practicing Optometrists
- Eye Care Professionals

Vision Therapy Clinic

Empowering your vision through personalized, evidence-based therapies designed to enhance visual skills and alleviate discomfort. Our Vision Therapy Clinic provides cutting-edge solutions for various visual challenges, improving not just eyesight but overall quality of life.

What We Offer:

- **Customized Therapy Programs:**

Individualized treatment plans Personalized to address specific visual issues.

- **Conditions Treated:**

- Convergence Insufficiency
- Lazy Eye (Amblyopia)
- Eye Movement Disorders
- Visual Processing Difficulties
- Double Vision (Diplopia)

- **Advanced Techniques:**

Utilizing the latest tools, exercises.

- **Performance Enhancement:**

Specialized programs for students, professionals.

Why Choose Our Clinic?

- Expert guidance from skilled optometrists and therapists.
- State-of-the-art technology and proven therapeutic approaches.
- Supportive and patient-centered care environment.

Transform your vision and elevate your potential with our Vision Therapy Clinic!

Sports Vision Enhancement Clinic

Achieve peak performance with our specialized vision training programs designed for athletes. Our Sports Vision Enhancement Clinic focuses on optimizing visual skills critical to sports success.

Key Focus Areas:

- **Dynamic Vision Training:**

Improve your ability to track moving objects with precision.

- **Hand-Eye Coordination:**

Enhance reaction times and coordination for faster, more accurate responses.

- **Peripheral Vision Development:**

Expand your field of vision to gain a competitive edge.

- **Depth Perception and Accuracy:**

Sharpen judgment of distances and improve aim for sports like cricket, basketball, and tennis.

- **Visual Reaction Time:**

Accelerate decision-making by enhancing reflexes and quick visual processing.

Our Approach:

- Customized programs based on the athlete's sport and specific visual needs.
- Cutting-edge tools and techniques, including digital vision training and simulated sports scenarios.
- Expert guidance from optometry professionals with experience in sports vision care.

Who Can Benefit?

- Professional and amateur athletes.
- Sports coaches and trainers.
- Sports academies and teams.

Boost your visual performance and take your game to the next level with our Sports Vision Enhancement Clinic!

Eye Screening Camp Services

Bringing quality eye care to your doorstep with our comprehensive eye screening programs. Designed to cater to diverse groups, our services aim to promote eye health and detect vision problems early.

Our Offerings:

- **Public Eye Camps:**
Organized for communities to provide accessible and affordable vision care.
- **Corporate Eye Camps:**
