

Clinical Dental Photography - workshop

THE GOAL:

Learn the skills and techniques needed to incorporate dental photography into your day-to-day practice. This course will enhance the skills to take and manage high quality dental photographs in documentation, promotion, evaluation and communicating the key elements of aesthetic and general dentistry.

About the course faculty:

Dr. U. Arunmozhi, MDS is currently working as Professor in Dept of Periodontics and Implantology at Sri Venkateswara Dental College and Hospital, Chennai. He is a practicing Periodontist and Implantologist in Chennai with more than 20 years of clinical experience. Life member of ISP and IALD (Indian Academy of Laser Dentistry). EC and State Representative of IDA Madras Branch. Has delivered numerous guest lectures in various national forums and has both international and national publications to his credit.

He started Photography as a hobby and attended various Nikon School courses across India. He had special interest in clinical documentation and took dental photography seriously. He had delivered numerous lectures on Dental photography and conducts hand-on workshops on clinical dental photography at national conferences, in various dental colleges and in IDA forums.

CDE PROGRAMME ON CLINICAL DENTAL PHOTOGRAPHY LECTURE & WORKSHOP

Speaker

Dr.U.Arunmozhi , M.D.S.,

Date : 28th & 29 th Feb 2020

Day 1 (28/02/2020)

The programme started by 10.00 am in the presence of Dr.J.Baby john, principal, Dr.N.Mohan, vice principal –academic affairs and Dr.Reena rachel john, vice principal – research.

Dr.D.Jayachandran, co-ordinator welcomed the chief guest Dr.U.Arun mozhi, professor VELS dental college.

Dr.J.Babyjohn gave the welcome address and the vice principal's felicitated the gathering.

The lectures was done by the mentor in the morning session followed by lunch.

Post lunch session after a small introduction to the table top photography, hands on was done for all the participants.

There was a healthy interaction between the mentor and the participants.

And the day ended with refreshments.

Day 2 (29/02/2020)

The day 2 started in the oral surgery department with lectures and demonstration on clinical photography.

All the accessories needed for the intra oral pictures was shown and the advantages was discussed.

The participants were divided into two groups – one group was given the assignment to take extra oral photography and the other group was assigned to take intra oral photography.

After the lunch session all the participants were taken outdoor for general photography and a relaxed session was carried out.

Final session was done in the board room by displaying the pictures taken by the participants and critical analysis was done to improve the performance.

Online Feed back forms was given to all the participants and their feed back was recorded.

Valedictory function was done in the board room and the certificates was distributed to all the participants.

TNDCI points 11 was awarded for this workshop.

Looking forward to learn more

Excellent

Once in a year workshop like this will enhance the skills of both students & staff. Looking for more programs like this in our campus sir.

No

An excellent programme and a great mentoring

Got an idea about DSLR

Nice programme

Essential program with good experience

Could be more better
