In the post lunch session, the students were divided in to 3 batches and CAMU, Elsevier clinical key, Visit to various departments in the Hospital was made for next 3 days on rotational basis. The day ended with Yoga by

Day 11 started with "AVMCH; An Equal Opportunity Environment - Focus on Gender equality and cultural plurality" by Dr. Lakshmi Jatiya, followed by the students were taken for Community visit/ Village Adoption program by the Department of Community Medicine for next 3 days, where the students were made to visit the rural & urban health centers, have been briefed about functioning of Village adoption program & its significance. The day ended with sports session by Physical training team.

Day 12 started with "Responsible use of social media", where the students were enlightened about the responsible use of social media and email etiquette by Dr. M. Gopinath. The day ended with Yoga by Yoga instructor.

Day 13 started with Dr.T.Rajan, vice principal enlightening the students on the topic "Academic Policies for students", where he gave a clear idea about the academic policies existing in the Institute, Stated by the University etc. and emphasised the significance of each of them to the students. The post lunch session had the language session, where the students were divided into 2 batches (rotational basis for 2 days) for Spoken Tamil & Scientific English and were engaged by Dr. M. Meganathan along with Tamil Mandram Team and the later by Dr.Arthy from Forensic Medicine department. The day ended with sports session by Physical training team.

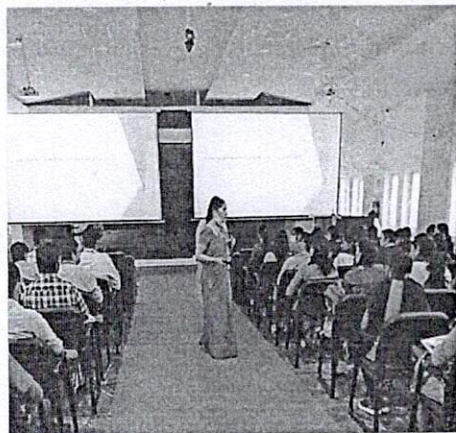

Day 14 started with "Sharing Plans & ideas for Course of study by I year students" by the preclinical department faculties, where the students were given ideas about how to go ahead with the course, motivated towards SDL etc., followed by session on "Innovation & entrepreneurship" by Dr. PushpaKotur and IIC team, where the students were highlighted about the functioning of IIC team of the Institute & its significance. With the Post lunch session, the students were taken to Arikanmedu, a historical place 7 kms far away from the Institute. The program was facilitated by 5 faculties and 2 social health workers. The significance of the visit were explained, the cultural background were explained to the students.

Day 15 started with Dr.T.Rajan , Vice principal enlightening the students about the helplines of our college, career advancement in Medicine where he stressed upon the NEXT exam and the need for consistent study and aiming for post-graduation, followed by students were introduced to the concepts of professionalism and ethics with lots of examples and group discussions by Dr. Vishnu Bhat sir. It was a wonderful interactive session with group activity giving some scenarios related to ethics & professionalism. The day ended with sports session by Physical training team.

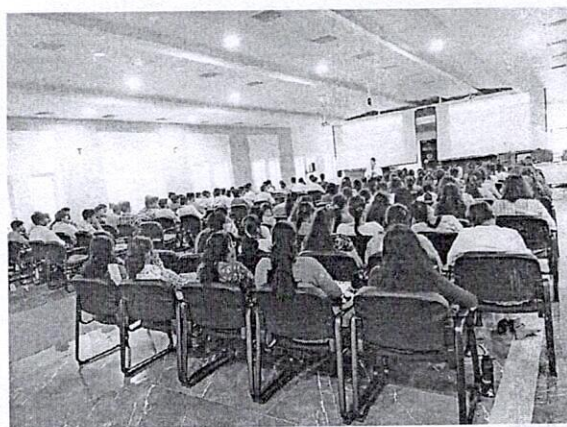

Day 16 had the program "Research Day" for the students conducted by Research Team of the Institute. The significance of doing research, how to plan a research, opportunities of research platforms, sponsorships, projects for students – self, Institutional, national, International were explained to the students. Students were motivated towards participating in ICMR – STS projects. The session were made by Dr. Vishnu Bhat, Dr. Sarkar, Dr. Ravikumar & Team.

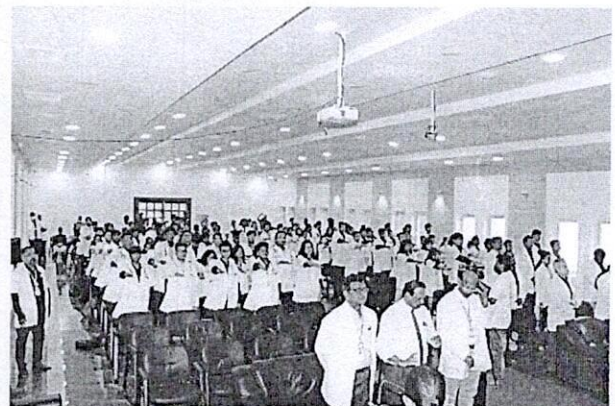

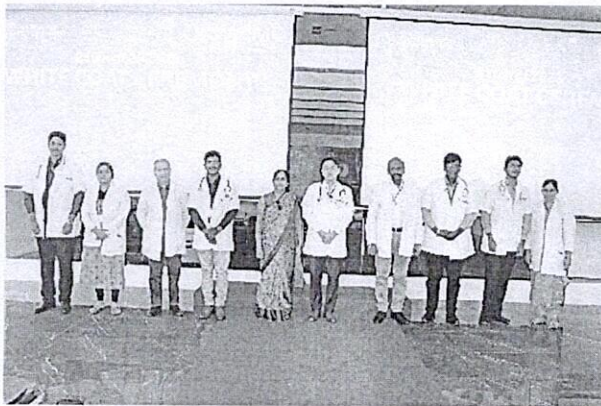

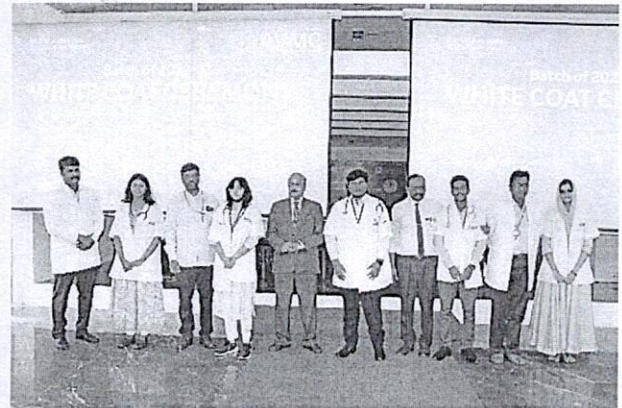

Day 17 started with a session on fundamentals of Doctor patient relationship by Dr. Pushpa Kotur, where its significance, advantage have been briefed to the students, followed by "Disability Competencies" by Dr. Sasmitha Mishra. The post lunch session had the language session, where the students were divided into 2 batches (rotational basis for 2 days) for Spoken Tamil & Scientific English and were engaged by Dr. M. Meganathan along with Tamil Mandram Team and the later by Dr. Arthy from Forensic Medicine department. The day ended with Yoga by Yoga instructor.

Day 18 started with Dr. T. Rajan, Vice principal along with Students affairs officer, enlightening the students about the helplines of our college, the anti-ragging measures, its functioning, Helpline available in the Institute, followed by an interactive session on "Why did you choose to become doctor?" and "What does it mean to be a doctor?" The session was a very well planned and executed one by Dr. Pushpa Kotur, Professor, Dept of O&G. All students were divided into small groups who after discussion shared their views. The day ended with sports session by Physical training team.

Day 19 had the celebration of "White coat ceremony" for the students.

Feedback about the individual sessions of all days of Foundation course was obtained on regular basis by Google forms. The feedback was analysed and tabulated. 85-90 % of students have found the sessions met the objectives stated for the session. They also opined that the presentations or sessions were very clear and informative and the sessions planned were very relevant for MBBS Course and their ideas and knowledge regarding the topics of the sessions increased after attending the sessions.

ACLS Training of CRRIs Batch

Objectives

- To train all CRRIs to Provide Advanced Cardiac Life Support
- They have Completed Basic Life support

Course Duration

- 7 Hours Total

Course Plan and TL methods

- Pretest -25 question – 30 min – online
- Introductory lecture – 60 minutes – for the entire large group thru zoom platform
- ACLS Hands on training – 3 hrs DOPA Session on first day morning
- Assessment – 2 hrs including post test, demo session and viva on Day 2

Schedule

- a. Pretest (25 MCQs) Followed by Introductory Lecture for all CRRIs on **04.02.2022, Saturday, 10.30-12.30 pm** on 'ACLS'. A handbook on ACLS by the AHA Will be provided as course material/handbook to all students.

Resource Person: Dr. Ezhilrajan, HOD, Anaesthesia

- b. Hands on Training at Skill lab with mannequins/Team training group of 12 student's batch as per the list enclosed. The module is as per AHA Guidelines, Duration: 09.00 – 01.00 pm

Resource Person: Faculty from Dept of Anaesthesia and Emergency Medicine as deputed by Dr. Ezhilrajan, HOD, Anaesthesia

- c. Assessment : The day after ACLS Training session in the skill lab

Component A – ACLS online Quiz through easy test maker – 25 question students need to secure a minimum of 75% be considered to have cleared the exam.

Component B – Viva voice / demonstration to be done by skills lab faculty (passing score of min 75%) for certification.

Component C – Feedback from the students, faculty

REPORT FOR ACLS PROGRAMME

ACLS Training Programme for CRRIs batch was held from 26th September 2022 to 01st October 2022 with an objective to train all CRRIs to provide Advanced Cardiac Life Support after having been trained on Basic Life Support.

An Introductory lecture on ACLS – “Protocol an Introduction” was delivered by Dr.V.Ezhilrajan, Incharge Cum Coordinator CSL&SC, Professor & HOD – Anaesthesiology on 23rd September 2022, Friday 11AM to 12PM for the entire large group. An Handbook on ACLS was provided as course material/handbook to all students.

The Hands-on Training and Assessment started on 26th September 2022 and completed on 01st October 2022.

The Hands-on Training session and Assessment at Clinical Skills Lab with Mannequins/team training group of 8 students per batch with a total of 5 batches. The Module provided is as per American Red Cross Guidelines. The Training Sessions – Faculty from the Department of Anaesthesiology & Emergency Medicine as deputed by Dr.V.Ezhilrajan, Incharge Cum Coordinator CSL & SC, Professor & HOD – Anaesthesiology.

The Training Session started at 9.00 AM with a Pre-Test continued with 3 Hrs DOAP session by the faculty and ended at 01.00 PM. The Assessment was done the day after Training sessions. The Assessment started at 02.00 PM with a Post-Test continued with Demo Session, Viva Voice by the Faculty.

The Overall Feedback was very good which included like the programmes was Well organized, practical to my Needs & Interests, presented at the Right Level with Effective activities. Few suggestions for Little more Elaborate Sessions and includes skills training as a part of clinical Postings.

The “BLS & ACLS” Course Completion Certificate & “ACLS Provider” badge was provided for all Certified Students by the Skills Lab Team.

Total number of CRRIs Participated – 39 Students.

Total number of CRRIs Passed – 39 Students.

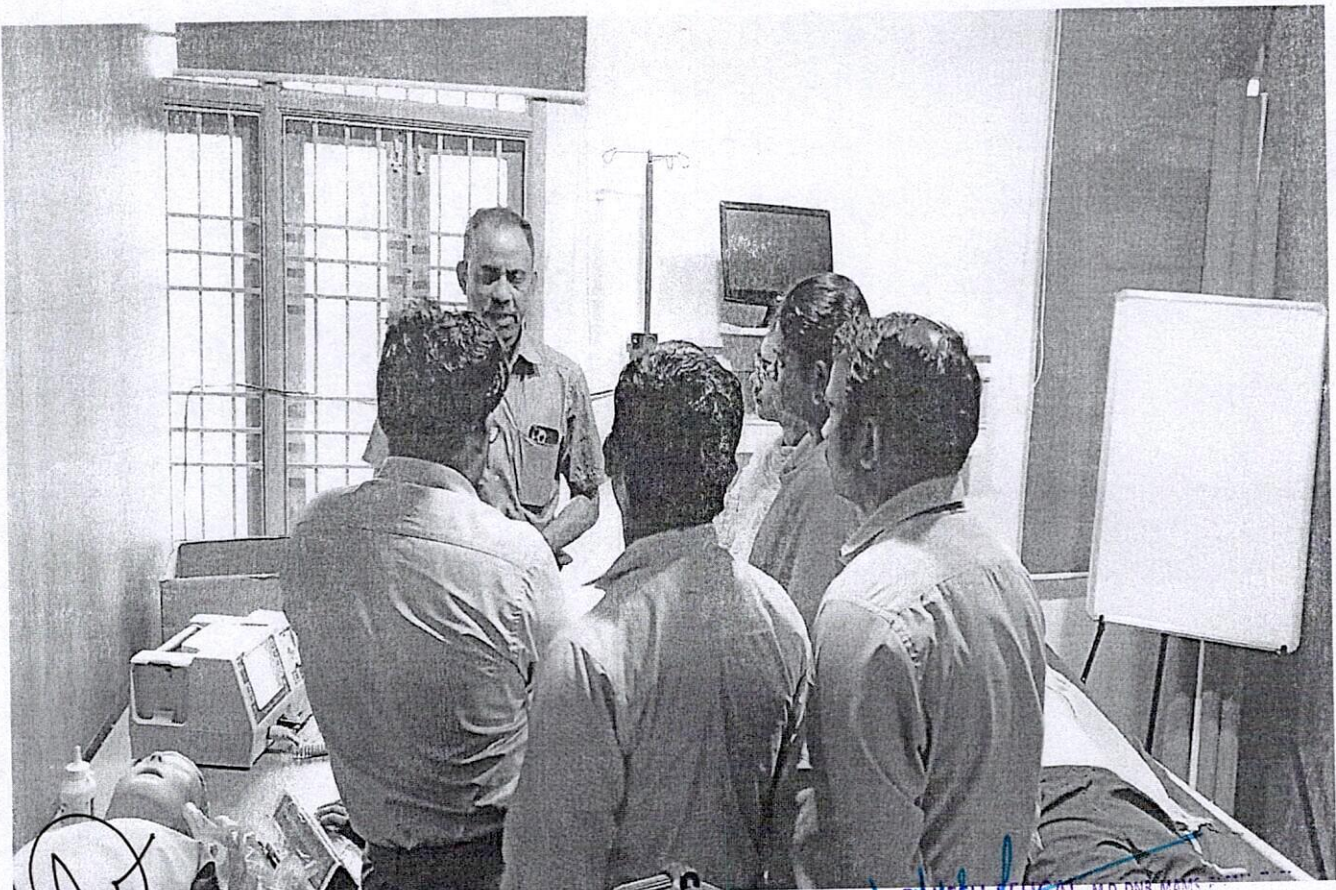

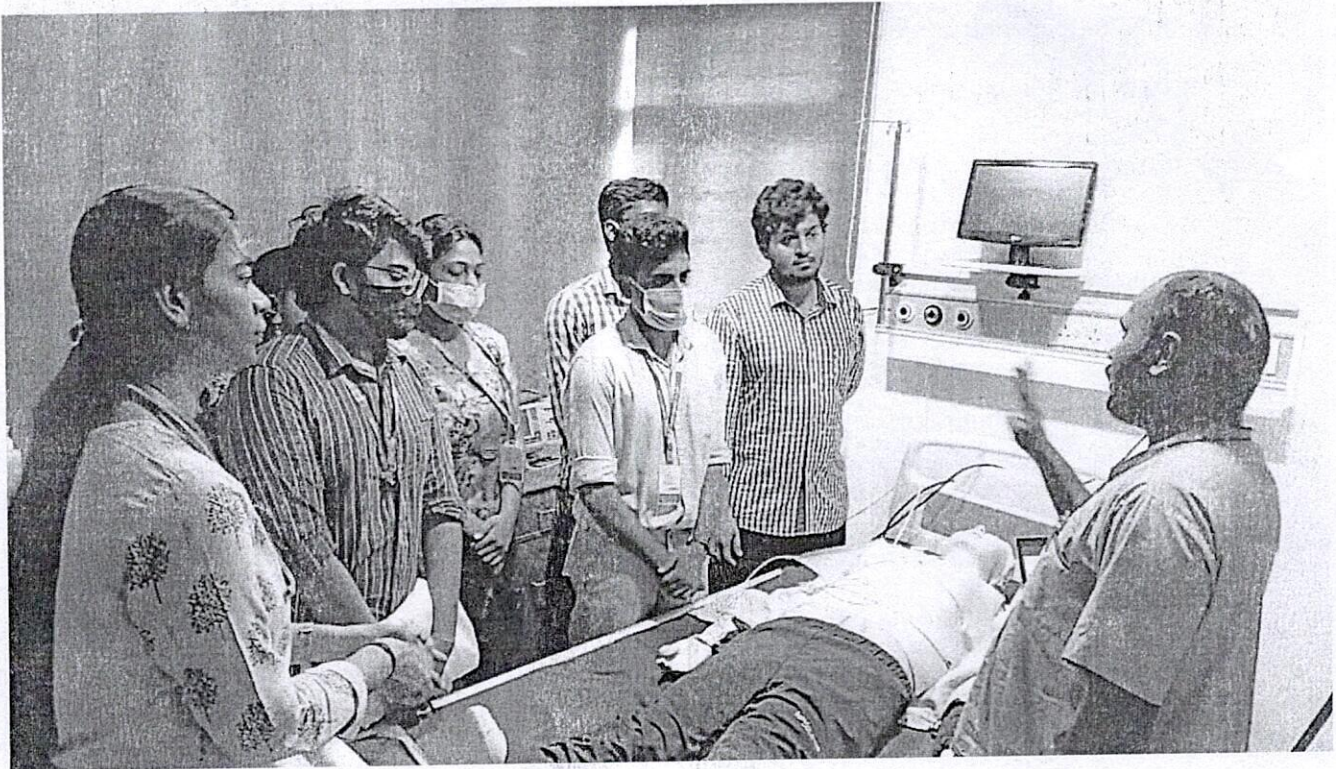

MEAN SCORE:

Pre-Test – 14

Post-Test – 24

CLINICAL SKILLS LAB & SIMULATION CENTRE

PROJECT PROPOSAL

PILOT STUDY

For CRMIs	M	Mastery Learning
	B	Boot camp for
	B	Basic procedural
	S	Skills

BACKGROUND

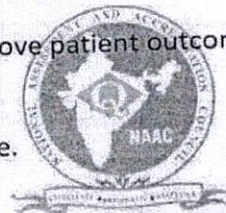

- Need to improve the basic procedural skill competency for CRMIs through focussed training program.
- Need to standardise the process for NEXT step 2.

AIMS & OBJECTIVES

This pilot project aims to

1. Train CRMIs in essential procedural skills to improve patient outcome.
2. Ensure effective utilisation of skill lab.
3. Familiarise skill lab faculty to simcapture software.

ACCREDITED BY
NAAC
NATIONAL ASSESSMENT AND
ACCREDITATION COUNCIL

PROCESS

- ❖ A total of 32 CRMIs (preferably from the supplementary batch – October 2022 will be selected on "First come ; first served basis"
- ❖ A two-to-one, intense hands on approach to procedural skills will be followed in the training program to be conducted in AVMC skills lab.
- ❖ The common procedural skills which cut across different departmental domains, will be the focus of training.
- ❖ Project is a joint venture between AVMC skills lab and Laederal.

LIST OF SKILLS & STATIONS

Sation No.	Name	Department Responsible	Manikin
1	Routes of Drug administration IM SC ID IV	Pharmacology	Routes of Drug administration
2	Uninary catheterisation	Emergency Medicine	Male & female catheterisation task trainer
3	Delivery of baby	Obstetrics and Gynaecology	Mama Birthie
4	Neonatal resuscitation	Paediatrics	New born
5	O2 delivery device / Nebulisation / ABG	Anaesthesia	BLS manikin ABG arm
6	Ryle's tube insertion	General Medicine	Ryle's tube manikin
7	Suturing techniques	General Surgery	Suture pad
8	PV exam / IUCD insertion	Obstetrics and Gynaecology	Pelvic exam task trainer

STATION SPECIFICS

- ❖ All 8 stations will be run on both the days.
- ❖ Two facilitators to share a station.
- ❖ Each station will be of one and half hours duration [90mins].
- ❖ 4 students/ 2 sets of mannequin per station.

TEACHING PROCESS

1. Faculty and students orientation - 1 week before.
2. Students are required to pre-watch the skills videos and read the necessary cognitive part.
3. Pretest @ the start of day 1 and post test at the end of day 2.
4. Initial demo - Peyton step 1 & 2 – 10 mins.
5. Peyton step 3 – 10 mins
6. Individual practice and Simcapture – 60 mins.
7. Skill Viva – 10 mins.

SERVICES TO BE PROVIDED BY LEADERAL

a) Manikin

- Rutes of drug admin - 1 No.
- Delivery – 2 Nos.
- Neonate – 2 Nos.
- ABG – 1 No
- RT insertion – 2 Nos.
- IUCD – 1 No

b) Simcapture and LMS creation by Leaderal.

c) Rest of the task trainers / manikin to be used from AVMC skill lab.

d) Consumables to be provided by AVMC.

AVMC TASKS

- 1) The following practicipats and faculty information to be given to Laederal atleast 1 week before to enable LMS creation.
 - Name - first & last
 - Email ID
 - Mobile No.
 - Faculty details
- 2) USP of the programe for flyer.

- 3) Write the learning outcomes for the course.
- 4) Finalise the list of skills.
- 5) OSCE checklists for each skill with scoring, duly vetted.
- 6) Links for pre-watch videos.
- 7) Arrange for consumables.
- 8) Feedback link for the program.
- 10) Labtops for the facilitators.
- 11) Wifi 20-Mbps speed / 4G with necessary firewalls (Lateral technical team will discuss with EDP and finalise).
- 12) Consent to be taken from the participants for recording.
- 13) Prepare pre & post test questions
 - 32 No covering all 8 modules of skill training.
 - For each station 2 questions on cognitive, 2 questions on psycomotor, 2 questions on attitude and professionalism.

TIMELINE

- ❖ All data to be given – 15.01.2023
- ❖ Faculty / Participant Orientation and check-in with Simcapture – 1 week before the boot camp – 23.01.2023
 - Three hours for faculty
 - One and half hours for interns
- ❖ All checklist to be submitted 1 week in advance – 24.01.2023
- ❖ 2 day Boot camp – 30.01.2023 and 31.01.2023
- ❖ Results will be real time.

CLINICAL SKILLS LAB & SIMULATION CENTRE

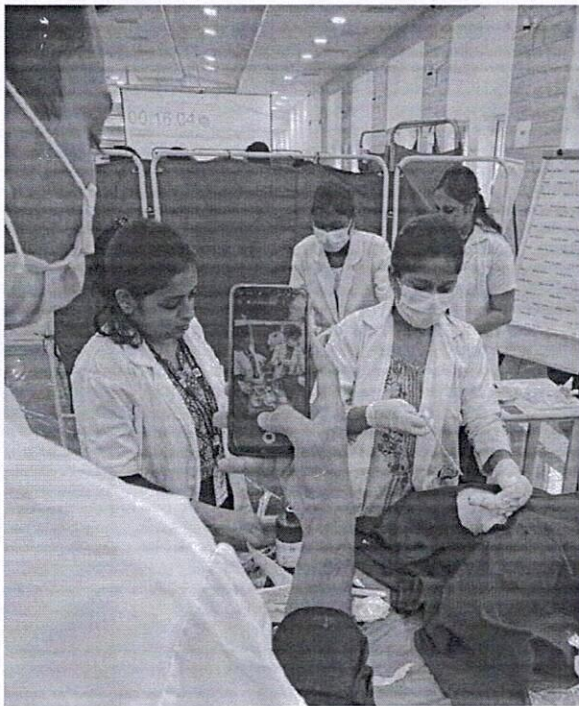

Bootcamp For CMRI April 2023

The new medical interns at AVMC Puducherry underwent a novel procedural skills 'boot camp' organised by the Clinical skills lab and Simulation Centre, AVMC in association with Laerdal Medical. Boot camp is an Accelerated, intensive training program that enable professionals to acquire deep, in-demand skills in new methodologies in a short period of time. An enhanced simulation-based mastery learning (SBML) methodology was created to deliver a total of fourteen procedural skills teaching with this unique initiative.

A total of nineteen faculty members and sixty one medical trainees attended this 2-day boot camp held at AVMC campus from 17/4/23 to 18/4/23. The novel enhanced SBML pathway entailed online pre-learning resources and videos, demonstration by resource persons and deliberate practice, and simulation assessment and feedback using SIMCAPTURE, a unique technology-based solution. This boot camp model enabled streamlined, standardised procedural skill teaching to a cohort of junior doctors. Feedback from faculty and students shows that training clinical competencies were achieved alongside increased skill confidence for practice readiness.

The program was inaugurated by Dr PF Kotur, Dean, AVMC and was organised by the skills lab team of AVMC - Dr V.N. Mahalakshmi, Dean Health Professions Education, Dr V. Ezhilraj, HoD Anaesthesia, Dr Rajkumar E, Skills lab coordinator and other faculty members. Laerdal Medical served as the skills training partner in this initiative.

	Name of Skill	Department Responsible	Faculty Assigned
1	Routes of Drug Administration IV/IM/ID/SC	Pharmacology	Dr. Madhanagopal Dr. Narayanasamy S Dr. Anuanjani
2	Urinary catheter	Emergency Medicine	Dr. Shrinivas Kulkarni Dr. SasiKumar M Dr. Guna Seelan
3	Neonatal resuscitation	Paediatrics	Dr. Thiagarajan V Dr. Upasana S
4	O2 delivery device / Nebulisation /ABG	Anaesthesia	Dr. Rajesh Prabhu Dr. Tamizh Thendral Dr. Vijaykumar Dr. Maruthi Rao
5	Ryle's tube insertion	Skill lab	Dr. Rajkumar Dr. Mohana
6	Suturing techniques	General Surgery	Dr. Akmal Dr. Abhinaya Dr. Tamilselvan
